

Applied mechanics and sustainable energy technology research group.
Smart and energy efficient environments.
Shirokova, Veroonika

Innovative systems for industrial applications.
Smart and energy efficient environments, Valorisation of environmental resources.
Hussainova, Irina

Laboratory of thin film energy materials, Laboratory of chemical thin film technologies (until February 28, 2023).
Smart and energy efficient environments, Valorisation of environmental resources.
Oja Acik, Ilona

Research laboratory for cognitronics.
Smart and energy efficient environments, Health technologies.
Le Moullec, Yannick

Sustainable chemistry and engineering.
Valorisation of environmental resources, Health technologies.
Karpichev, Yevgen
