

Group and semigroup theory research group.
Dependable IT solutions, Valorisation of environmental resources.
Leibak, Alar

Inverse problems and stochastic methods research group.
Dependable IT solutions, Valorisation of environmental resources.
Janno, Jaan

Laboratory for compositional systems and methods.
Dependable IT solutions.
Sobociński, Paweł Maria

Mathematical analysis research group.
Smart and energy efficient environments, Dependable IT solutions.
Tamberg, Gert

Nonlinear wave dynamics research group.
Smart and energy efficient environments, Health technologies.
Salupere, Andrus

Rheology of composites research group.
Smart and energy efficient environments, Valorisation of environmental resources.
Herrmann, Heiko
