

Comparison of different sea buckthorn berry varieties on the basis of physical properties

Lõugas, Tiina Journal of food physics 2008 / p. 58-61

Physical characteristics of sea buckthorn berries grown in 2007

Raudsepp, Piret; Lõugas, Tiina Journal of food physics 2008 / p. 95-99

Physical parameters of sea buckthorn berries

Lõugas, Tiina; Laos, Katrin; Vokk, Raivo Journal of food physics 2006 / p. 36-44

The viscosity of supersaturated aqueous glucose, fructose and glucose-fructose solutions

Laos, Katrin; Harak, Margus Journal of food physics 2014 / p. 27-30 : ill
