

Application of the 2-port method to commercial IC-engine exhausts

Abom, Mats; Glav, R. Proceedings of the International EAA/EEAA Symposium : Transport Noise and Vibration, Tallinn, 8.06 - 10.06. 1998 1998 / p. 185-188: ill

A cad tool for acoustic analysis of intake and exhaust systems

Abom, Mats; Glav, R. Proceedings of the International EAA/EEAA Symposium : Transport Noise and Vibration, Tallinn, 8.06 - 10.06. 1998 1998 / p. 181-184: ill

Determination of the acoustic transmission properties of IC-engine air inlet system components

Boden, Hans; Beraud, G.; Glav, R. Proceedings of the International EAA/EEAA Symposium : Transport Noise and Vibration, Tallinn, 8.06 - 10.06. 1998 1998 / p. 323-326: ill
