

Computer model for energy-optimised control of pumping station

Joller, Jüri CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 467-473 : ill

Development of new products of given product group

Eerme, Martin CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 51-57 : ill

Experiences of PDM system deployment

Eljas, Olev; Kimmel, Andres CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 423-428 : ill

Scheme development for specification hybrid components of control systems

Vain, Jüri; Kuusik, Alar; Kääramees, Marko CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 483-491

Using of industry automation software and hardware in education and training

Rosin, Argo; Laugis, Juhan; Lehtla, Tõnu CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 119-124 : ill

Using the MathCAD in electrical engineering calculations

Soonpuu, Jelizaveta; Jansikene, Raik CAx Techniques : proceedings of the 4th International Scientific Colloquium : Bielefeld, Germany, September 13-15, 1999 1999 / p. 133-139 : ill
