

Behaviour of material in alteration of loading and stress-relaxation

Kenk, Kalju Proceedings of the 18th International Conference "Boundary & Finite Elements Methods in Mechanics of Solids & Structures" : St.-Petersburg, May 2000. Vol. 2 2000 / p. 275-281

Minimum weight problem of circular plates subjected to dynamic loading, considering the non-linear hardening of material

Kirs, Jüri Proceedings of the 18th International Conference "Boundary & Finite Elements Methods in Mechanics of Solids & Structures" : St.-Petersburg, May 2000. Vol. 2 2000 / p. 281-289
