

A model for the superconducting microstrip line

Costa, Luis R.J.; Linna, Riku; Seppä, Heikki; **Valtonen, Martti** BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 439-442: ill

An implementation of simulated annealing for analog circuit optimization

Starck, Vesa; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 377-380: ill

Asynchronous start-up of a synchronous motor

Jokinen, Hannu; Väänenen, Janne; Toivanen, Juha; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 433-434: ill

Genetic optimization in circuit simulation

Haikarainen, Sakari; Jokinen, Hannu; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 381-384: ill

Overview of recent steady state analysis methods

Jokinen, Hannu; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 277-280: ill

Piecewise-linear DC analysis of nonlinear circuits

Roos, Janne; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 281-284: ill

Pulse generation in a superconducting microstrip line

Costa, Luis R.J.; Seppä, Heikki; **Valtonen, Martti** BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 443-446: ill

Self-generating lookup table models combined with DC analysis

Roos, Janne; Valtonen, Martti BEC'96 : the 5th Biennial Baltic Electronics Conference, October 7-11, 1996, Tallinn, Estonia : proceedings 1996 / p. 269-272: ill
