

**Analysis of free vibration of rib floor systems**

**Arjassov, Gennadi; Pappel, Toivo; Teder, Leo** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 29-30

**Analysis of stress distribution of roots of bolt threads**

**Arjassov, Gennadi; Strižak, Viktor** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 28-29

**Derivation and integration of the time domain signals**

**Teder, Leo; Arjassov, Gennadi; Pappel, Toivo** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 120

**Minimun weight problem of built-in circular plates considering the hardening of material**

**Kirs, Jüri** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 76-77

**On the describing of cyclic deformation process in plasticity**

**Kenk, Kalju** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 76

**К развитию методов Н.К.Снитко в динамике сооружений**

**Arjassov, Gennadi** BEM & FEM : 19th International Conference Mathematical Modelling in Solid Mechanics. Boundary and Finite Elements Methods, 30 May - 2 June 2001, Saint Petersburg, Russia : proceedings. Vol. 1 2001 / p. 27-28
