Assymetric encryption in automatic analyses for confidentiality against active adversaries
Tšahhirov, Ilja Eleventh Estonian Winter School in Computer Science (EWSCS'06) : Park Hotel Palmse, Lahemaa, Estonia : March 5-10, 2006 2006 / [1] p

How to generate test data for applications using relational databases
Tamme, Risto Eleventh Estonian Winter School in Computer Science (EWSCS'06) : Park Hotel Palmse, Lahemaa, Estonia : March 5-10, 2006 2006 / [1] p

Model driven development of networked embedded systems
Karpištšenko, Andre Eleventh Estonian Winter School in Computer Science (EWSCS'06) : Park Hotel Palmse, Lahemaa, Estonia : March 5-10, 2006 2006 / [1] p

Techniques to identify, design, and use domain archetypes and archetype patterns
Piho, Gunnar Eleventh Estonian Winter School in Computer Science (EWSCS'06) : Park Hotel Palmse, Lahemaa, Estonia : March 5-10, 2006 2006 / [1] p

Utilising processor cache for speeding up reachability checks in model checking
Ernits, Juhan-Peep Eleventh Estonian Winter School in Computer Science (EWSCS'06) : Park Hotel Palmse, Lahemaa, Estonia : March 5-10, 2006 2006 / [1] p
