

The Hermite - Minkowski domain of reduction of positive definite quadratic forms in six variables

Tammela, Paul Journal of Soviet Mathematics 1976 / p. 677-688 : ill <https://doi.org/10.1007/BF01092512>

Reduction theory of positive quadratic forms

Tammela, Paul Journal of Soviet Mathematics 1979 / p. 197-276 : ill <https://doi.org/10.1007/BF01117520> [Journal metrics at Scopus](#)
[Article at Scopus](#)

Two remarks on Bravais manifolds

Tammela, Paul Journal of Soviet Mathematics 1976 / p. 689-691 : ill <https://doi.org/10.1007/BF01092513> [Journal metrics at Scopus](#)
[Article at Scopus](#)

Venkov's reduction theory of positive-quadratic forms

Tammela, Paul Journal of Soviet Mathematics 1985 / p. 1306 - 1312 <https://doi.org/10.1007/BF02108244> [Journal at Scopus](#) [Article at Scopus](#)
