

An approach to the modelling of electrical machines

Lehtla, Tõnu EPE'97 : 7th European Conference on Power Electronics and Applications, 8-10 September 1997, Trondheim, Norway
: proceedings 1997 / [5] p

Application of self-adjusting features of resonant converters

Janson, Kuno; Järvik, Jaan; Vinnal, Toomas 9th European Conference on Power Electronics and Applications : 27-29 August 2001, Graz, Austria 2001 / p. L6a-1 : ill

Control of special purpose linear drives

Laugis, Juhan; Lehtla, Tõnu EPE'97 : 7th European Conference on Power Electronics and Applications, 8-10 September 1997, Trondheim, Norway : proceedings. Vol. 3 1997 / p. 3.541-3.546: ill

Improved high-power-factor three-phase diode rectifiers using ripple-power re-rectification

Sakkos, Tiiu; Sarv, Vello; Järvik, Jaan 9th European Conference on Power Electronics and Applications : 27-29 August 2001, Graz, Austria 2001 / p. DS3.1-1 : ill

Self-adjusting resonant converters and application by high power electrical arc furnaces

Janson, Kuno; Järvik, Jaan EPE'97 : 7th European Conference on Power Electronics and Applications, 8-10 September 1997, Trondheim, Norway : proceedings. Vol. 4 1997 / p. 4.327-4.332: ill
