

Effect of fibrations on character of microroughness of machined details

Arjassov, Gennadi; Pappel, Toivo; Gromova, Svetlana Proceedings of BEM/FEM : 21st International Conference of Mathematical Modeling in Mechanics of Solid and Structures by Boundary & Finite Elements Methods 2005 / [6] p

Influence of pressure angle on load distribution in ballscrew mechanisms

Penkov, Igor; Stržak, Viktor Proceedings of BEM/FEM : 21st International Conference of Mathematical Modeling in Mechanics of Solid and Structures by Boundary & Finite Elements Methods 2005 / [5] p
