

**Criteria for the transition from a breaking bore to an undular bore**

Pelinovsky, Efim; Shurgalina, Ekaterina; **Rodin, Artem** Izvestiya, atmospheric and oceanic physics 2015 / p. 530-533 : ill  
<http://dx.doi.org/10.1134/S0001433815050096>

**Reflectionless surface wave dynamics in channels of variable depth and width [Online resource]**

Pelinovsky, Efim; Talipova, Tatyana; **Didenkulova, Irina**; Shurgalina, Ekaterina IUTAM Symposium Wind Waves : 4-8 September 2017, London, UK : abstracts 2017 / p. [28] [https://www.ucl.ac.uk/math/events/other-events/iutam-symposium-wind-waves/abstracts\\_final](https://www.ucl.ac.uk/math/events/other-events/iutam-symposium-wind-waves/abstracts_final)

**Reflectionless wave dynamics in channels of variable depth and width**

Pelinovsky, Efim; **Didenkulova, Irina**; Shurgalina, Ekaterina Geophysical research abstracts 2017 / p. EGU2017-2977

**Wave dynamics in the channels of variable cross-section**

Pelinovsky, Efim; **Didenkulova, Irina**; Shurgalina, Ekaterina Physical oceanography 2017 / p. 19-27 : ill  
<http://dx.doi.org/10.22449/1573-160X-2017-3-19-27>

**Безотражательное распространение волн в сильно неоднородных средах**

Pelinovsky, Efim; Shurgalina, Ekaterina; **Didenkulova, Irina** Неравновесные процессы в сплошных средах : материалы международного симпозиума. Том 2 2017 / с. 131-135

**Динамика волн в каналах переменного сечения**

Pelinovsky, Efim; **Didenkulova, Irina**; Shurgalina, Ekaterina Морской гидрофизический журнал 2017 / с. 22-31
