

**Decentralization of stochastic multivariable discrete-time control systems on two-rate aggregative subsystems**

**Astrov, Igor; Rüstem, Ennu** Proc. 14th International Conf. Systems for Automation of Engineering and Research 2000 / p. 57-61

**Decentralized partitioning of centralized controller on three-rate subcontrollers for the multidimensional stochastic state-space continuous-time model of an experimental aircraft**

**Astrov, Igor; Pedai, Andrus; Rüstem, Ennu** Proc. 14th International Conf. Systems for Automation of Engineering and Research 2000 / p. 62-66
