Application of LCC techniques to assist refurbishment decisions of the precast element dwellings of Tallinn

Nuuter, Tiina Third International Postgraduate Research Conference in the Built and Human Environment: proceedings of the third internationale conference: 3-4 April 2003, University of Salford 2003 / p. 695-701

Is it possible to evaluate what kind of workers are needed on construction market?

Lill, Irene Third International Postgraduate Research Conference in the Built and Human Environment: proceedings of the third internationale conference: 3-4 April 2003, University of Salford 2003 / p. 399-408: ill
